**REAL BARGAINS
BENEFIT YOU**

Know the Store that
Offers You Bargains
and Don't Confuse the
Real with Sham.

There are two conditions that surround bargains—dignity and honor, reality and exaggeration.

If you are a cynic regarding bargains, maybe it is because you have been so unfortunate to trade with a huckster who the latter consideration largely prevailed. The bargain then is no bargain at all. Of course, you have naturally become skeptical and we can't blame you.

But the **real** bargain is worth having. The **real** bargain, as everyone knows, is that which represents a genuine transaction to you, the party most directly interested. The **real** bargain is made possible through large purchases thru a backward season, and through a hundred and one different causes. The **real** and **real** bargain will live, and will always be the means of attracting people to the store that proffers them, and is one of the means of growth and success.

But there are stores and stores as there are bargains and bargains. Know your store and you'll know your bargain.

Respectfully,
Grant Clothing Co.
